

Scleroderma Canada presents
21st Bi-Annual National

SCLERODERMA CONFERENCE

August 29th - 31st, 2024

St. Johns, NFLD

Hosted by Scleroderma Atlantic

Scleroderma Canada | Sclérodemie Canada

We ask that you join us as a valued partner and sponsor to support Scleroderma Canada's
21st Bi-Annual National Scleroderma Conference

KNOWLEDGE IS POWER

Hosted by Scleroderma Atlantic, Scleroderma Canada (SC) invites you to beautiful St. Johns Newfoundland from August 29th - 31st 2024 where we will be joined by healthcare professionals, researchers, and patients living with, or caring for, those affected by this disease.

COMING TOGETHER

The National Scleroderma Conference offers participants the chance to absorb the newest information, learn from the experience of others and gain insight from researchers, physicians, and professional caregivers. As a potential sponsor, we guarantee that this will be an excellent opportunity to be a part of Canada's supportive scleroderma community.

Your supportive funding will allow us to continue to enhance the impact of empowering the scleroderma community through education, advocacy and building networks, offering opportunities to become champions for better care, both locally, nationally and internationally.

We appreciate your consideration and support as Scleroderma Canada continues to strive for our vision – “A world free of scleroderma” and we look forward to continuing our work to connect and partner with medical professionals, patients, and the community.

Please review the following information in this Sponsorship Package and do not hesitate to connect with me should you have any questions.

Scleroderma Canada appreciates your support. With your sponsorship and involvement in the 2024 Scleroderma Conference, we will continue to enhance the impact of empowering patients, caregivers and health professionals through education, advocacy and building networks and allow them to become champions for better care, both locally and nationally.

The conference is also a key element in Scleroderma Canada's work to provide patients with the support and advocacy of nationally and internationally renowned medical professionals who are dedicated to advancing research and treatments, and ultimately finding a cure for scleroderma!
